

in the Legislature, let's congratulate all the youngsters at one time and I think they could mention the names of the winners, but also, congratulations to all of those participants in the basketball tournament.

PRESIDENT: Senator Brennan.

SENATOR BRENNAN: Mr. Chairman, members of the body, I would like to have permission to add Ryan Knights from South Omaha in that resolution.

PRESIDENT: Senator Stoney, would you rewrite this resolution to include all of the classes, boys and girls, so that we could pass it.

SENATOR STONEY: Mr. President, let me say this, if it is going to cause that much of a hassle, I don't intend to endanger the intent of this resolution. I think it is unfortunate that the other members who represent the districts where these schools played that were champions didn't think of it and all I can say is I have got to go to Burke High School tomorrow with 2,000 students there and I would like to have something in my hand so please support me with this.

PRESIDENT: The question is, shall the rules be suspended? Record your vote. Record.

CLERK: 33 ayes, Mr. President.

PRESIDENT: The rules are suspended. Read the resolution... well, you move the resolution now? All right. Senator Burrows from Adams.

SENATOR BURROWS: Mr. Chairman, I move we amend the resolution to include the Class D winner of Adams, since it specifically names the Class A championship.

PRESIDENT: Would you like to prepare an amendment to that resolution?

SENATOR BURROWS: Yes, I would. I think we should specify all the winners.

PRESIDENT: You do that. You put it in writing and bring it up here. Any further discussion on Senator Burrows? Senator Simon, this is on Senator Burrows amendment.

SENATOR SIMON: Mr. Chairman, I was just going to say, Senator Stoney I think brought out the point. He had the foresight to go ahead. Now we have to include all the women's and everybody else and I don't think we are prepared to do it at this time. So I would suggest that rather than doing it in a half-hearted measure, that we go ahead and just reject the Burrows amendment, let Senator Stoney bring his in today, get that passed. They can bring in the rest tomorrow.

PRESIDENT: Senator Chambers. Senator Murphy.

SENATOR MURPHY: I just wonder if I could add the Brushy Ben Pinochle Club. They are the Dakota County champions.

PRESIDENT: All right. Would you clear the Board, please?
